

FREELANCE-Auditor (m/f/d) in sustainable aquaculture

Ecocert IMOsuisse AG is a leading provider of international certification services according to organic, environmental and social standards. The company was founded over 25 years ago in Switzerland as a certification body for organic products, and verifies today the compliance against various standards in the sectors of agriculture, aquaculture & fisheries, forestry & timber, social responsibility & fair trade. As part of the ECOCERT Group, our customers benefit from a large international network of 30 subsidiaries and operations in more than 110 countries as well as a strong commitment to the organic movement and environmental protection.

Ecocert IMO has a professional team monitoring and verifying the production (aquaculture) and chain of custody (processing, trading) of seafood according to a number of diverse standards: MSC COC, AquaGAP, Naturland and Whole Foods Market. Thanks to the international network Ecocert IMO offers its expertise in quality management worldwide.
